Dear FairPoint Communications Wholesale Customer:

This notice is a follow-up to Accessible Letter PRC 0050-11052009 related to the Updated Action Item Log from the Business Process Forums. The attached Issues log has been updated with the current Action Item Resolution status. Please note we have also updated the additional tabs that provide detailed summary on our progress.

The summary of progress to date will be presented during today's Wholesale Cutover call at 3PM ET today. There were 3 main areas with progress this week; EB/DB Migration Orders (Hot Cut) process in the RCCC, VFO to M6 reconciliation in WSC, and review of open Change Requests with focus on establishing PFD's planned fix dates.
