Aastra IP Telephones
Aastra 67xi Series

Enterprise-grade portfolio featuring a global design and expansion module options to increase call and feature capability.

A family of powerful and flexible SIP-based products offering advanced interoperability with major IP Telephony platforms. All Aastra enterprise-grade 67xi Series IP telephones phones feature embedded XML browser capability, full-duplex speakerphone, wideband audio technology, up to nine call appearance lines, Busy Lamp Field support and extensive storage capacity for directories, callers lists, etc. In addition, all models offer simplified deployment, 4-position footstands and are wall mountable. Most 67xi models support Power Over Ethernet (POE) and AC power options with some models offering attendant functionality through optional Expansion Modules.
