## **FairPoint Communications Upgrades Broadband Service in Long Island, Maine**

*Broadband upgrade increases high speed Internet across town*

**LONG ISLAND, ME (July 8, 2016)** - FairPoint Communications<sup>1</sup> is pleased to announce the completion of a broadband expansion project in Long Island, Maine. As a result of this upgrade, faster broadband speeds are available to approximately 226 locations in the community – some to addresses for the first time.

“Broadband access opens doors to the world for the residents and businesses in Maine and is fundamental to the state’s future economic growth,” said Mike Reed, FairPoint’s Maine state president. “Our employees work every day to build more broadband across the state. We are pleased to announce that with the investment made in the town of Long Island, we have expanded the availability of high-speed Internet to more homes and businesses.”

More residents and businesses can quickly e-mail photos, download music, stream video, and surf the Internet now that FairPoint has expanded broadband services. Residents on portions of the following streets now qualify for broadband speeds associated with their proximity to the upgrade:

- Apple Tree Lane
- Atlantic Lane
- Beach Avenue
- Black Forest Lane
- Brayley Lane
- Cleaves Landing Lane
- Cove Road
- Doughty Lane
- Eastern Avenue
- Francis Lane
- Fern Avenue
- Gorham Avenue
- Greenwood Lane
- Hickok Lane
- Horr Farm Lane
- Island Avenue
- Johnson Hill Lane
- Leavitt Street
- Messalonskee Road
- Murphy Lane
- Ocean Street
- Southside Lane
- Stepping Stone Lane
- Vernon Road
- Wharf Street
- Williams Lane
- Winterview Lane

Since April 2008, FairPoint has invested more than \$900 million in its communications infrastructure and technology to bring broadband to northern New England, including building thousands of miles of new fiber optic network across the region. FairPoint’s new fiber-based, high capacity network offers customers a better, faster way to communicate.

To find out more details including Internet service speed eligibility, information about prices and bundled plans, or to schedule a professional installation of services, residential consumers can call **1-866.984.2001** and business customers can call **1-866.984.3001**.

**About FairPoint Communications, Inc.** FairPoint Communications, Inc. (Nasdaq: FRP) provides advanced data, voice and video technologies to single and multi-site businesses, public and private institutions, consumers, wireless companies and wholesale re-sellers in 17 states. Leveraging an owned, fiber-core Ethernet network — with more than 20,000 route miles of fiber, including approximately 17,000 route miles of fiber in northern New England — FairPoint has the network coverage, scalable bandwidth and transport capacity to support enhanced applications, including the next generation of mobile and cloud-based communications, such as small cell wireless backhaul technology, voice over IP, data center colocation services, managed services and disaster recovery.
